Massachusetts Requirements to Purchase Health Insurance

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector Authority (the Connector), unless waived from the health insurance requirement based on affordability or individual hardship. The results of this review apply only to the Minimum Creditable Coverage standards in effect for the calendar year January 1, 2026 through December 31, 2026, and are based on the current standards published by the Connector. Because Minimum Creditable Coverage standards change periodically, you need to review your coverage prior to implementation of your Aetna offering, and again for the 2027 calendar year. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website.

OA Managed Choice POS HDHP - Aetna Offering
